NEGOTIATING COMMITTEES

Brothers and Sisters:

Our negotiating committee will be touring parts of the Beech and Cessna facilities on Friday, September 12th and Monday, September 15th with the Company negotiating committee. The Union feels this is a vital part of negotiations to get an overview of the future business strategies and to see the vision of the Companies plan to show some of the capital investments the Company has made. Your Union negotiating committee will continue to keep you informed as information becomes available.
