Oct. 9, 2014 Update

LOCAL LODGE 733 & 774 NEGOTIATING COMMITTEES

Brothers and Sisters,

Your IAM Negotiating Committees are making significant progress on a unified contract that will benefit members from both Cessna and Beechcraft. We have presented an economic proposal to the company and we will continue fighting for you at the bargaining table.

Turning two contracts into one isn't easy. It has challenged us to think outside the box — and led to plenty of spirited discussions — but we all realize that failure is not an option. We are one union. And we're better together than we are divided. If we stay united, we will forge a contract that preserves jobs and secures benefits for you and your family.

As always, we will continue to keep you updated on our progress.

- *Your IAM Negotiating Team*
